

The background of the slide is a photograph of a server rack. The image is in black and white, showing various components like circuit boards, connectors, and cooling fans. A large, white, stylized graphic element, resembling a double-headed arrow or a wave, is overlaid on the image, pointing downwards towards the text.

Webinar on implementing an Open Science Assessment Framework

lannamette.morthorst@deic.dk

Knowledge exchange works to enable Open Science

A European partnership
to improve services for
higher education and
research

Knowledge Exchange is a collaboration between six national organisations, each responsible for supporting the development of ICT infrastructure for higher education and research

twitter @knowexchange og @DeiC1

[Knowledge Exchange](#)

[DeiC's webpage](#)

Purpose of this workshop

To enable Open Science og improve and incentivize the recording, evaluation and recognition of new scientific practices

Present recommendations based on the most recent results in the report [Openness Profile: Modelling research evaluation for open scholarship](#) published by the European collaboration Knowledge Exchange, with DeiC as the Danish partner

Inspire for action by giving examples of implementing a FAIR'er assessment in the Netherlands, Norway

Discuss possible steps towards implementation in Denmark

Program

10.05 Welcome

10.05 -10.15 The Danish perspective - [Katrine Krogh Andersen](#), Dean of Faculty of Science, University of Copenhagen

10.15-10.20: Q&A

10.20-10.45: **Recommendations for improving research assessment** – [Clifford Tatum](#), Leiden University, CWTS, Research evaluation consultant. A description of recommendations based on the Knowledge Exchange work, and examples of implementation in the Netherlands

10.45-10.50: Q&A

10.50-11.10: **Stories of implementation from Norway** - [Marte Qvenild](#), senior adviser, The Research Council of Norway. A presentation of the new funder policy [Policy on Open Science](#) and a new framework called [Norwegian Career Assessment & Matrix](#) from Universities Norway

11.10-11.30 Q&A and discussion on possible next steps

Before we start...

Stay muted during the presentations, but we invite you to turn your video ON as much as possible 😊

You are very welcome to ask questions in the allocated time slot. If you do so, please raise your hand or write the question in the chat. 😊

You can add your contact information in a meeting document if you want to give others on the call a chance to collaborate with you or give us feedback on the webinar
